*This automated package sortation and distribution facility features 61 loading docks, 156 interior van loading positions, 8,153 square feet of office space, 452 auto parking spaces and 301 trailer stalls.*

CHICAGO — Meridian Design Build has completed a 219,858-square-foot industrial property in Chicago. The automated package sortation and distribution center is located on 41.3 acres and boasts more than 3,000 feet of expressway frontage along the north side of I-55 at South Damen Avenue. The facility features 61 loading docks, 156 interior van loading positions, 8,153 square feet of office space, 452 auto parking spaces and 301 trailer stalls. Cornerstone Architects provided architectural services, and Spaceco Inc. was the civil engineer of record.
