The 304,317-square-foot package and sorting distribution center will feature 99 loading docks, 15,618 square feet of office space and 586 auto parking stalls in Pittston Township, Pa.

PITTSTON TOWNSHIP, PA. — Scannell Properties has selected Meridian Design Build's National Projects Group to coordinate the construction of a 304,317-square-foot package and sorting distribution center in Pittston Township. Situated on 60 acres, the facility will include 99 loading docks, 238 interior van loading positions, 586 auto parking stalls, 375 exterior trailer stalls, 15,618 square feet of office space, a 3,135-square-foot gateway building and a 5,180-square-foot maintenance shop. Precept Design LLC is providing architectural services and Kimley-Horn providing civil engineer services for the project. The facility is being constructed on a build-to-suit basis for a leading provider of global shipping and information services.
