

Construction underway for Morey Center

WOODRIDGE | **Meridian Design Build LLC** broke ground on a new 26,300 square foot 2-story expansion for Morey Corp.'s Global Headquarters. Located in Internationale Centre, Woodridge, the expansion will be an addition to the 95,100 square foot facility built in 1999.

The building is scheduled for completion in the first quarter of 2007.

Project architect will be Oak Park-based **Schmidt Design** and civil engineer will be Vernon Hills-based **Manhard Consulting Ltd.** Vice President **Peter Stadler** is heading up the project for Meridian Design Build.
