

Electronics manufacturer to expand
WOODRIDGE | Meridian Design Build has broken ground on an 81,000-square-foot addition for electronics manufacturer The Morey Corp. Located within Internationale Centre, this expansion will be the second building addition completed by Meridian Design Build for the growing company within the last two years.

Scheduled for completion in the second quarter of 2009, the expansion includes 45,000 square feet of temperature and humidity controlled manufacturing space, 28,000 square feet of raw material and finished goods warehousing, and 8,000 square feet of employee welfare space including restrooms, cafeteria space, and meeting areas.

As a part of the project scope, Meridian will be designing and installing a significant amount of in-floor electrical duct, gas distribution networks, compressed air piping, and anti-static flooring. Site improvements include 194 new parking spaces and 4 new loading docks.

The design team for the project includes Oak Park-based **Schmidt Design** (architect) and civil engineer, Vernon Hills-based **Manhard Consulting Ltd.** **Peter Stadler**, senior vice president, is coordinating the project for Meridian Design Build.
