New Construction

Meridian Chosen For Renovation / Relocation

MC2, a national leader in the event and exhibits industry selected Meridian Design Build to complete the renovation of a 50,000-sq.-ft. building at 160 East Fullerton in Carol Stream. The single-tenant industrial building is owned by Colony Realty Partners and managed by Colliers International. Construction includes gut renovation of existing offices and a significant amount of compressed air and electrical distribution work for relocation of MC2's operations from 2120 S. Jefferson, Chicago.

Ware Malcomb is providing Architectural services. HVAC, electrical, plumbing, and fire protection work are being completed by Meridian on a design/build basis. Marat Safir of Taurus Realty Partners represented MC2 in the lease transaction with Tom Condon and Brian Kling of Colliers International representing ownership. Ryan Moore, project engineer, and Jim Cather, senior superintendent, will be coordinating work in the field for Meridian.
