

A 103,585-square-foot build-to-suit headquarters facility was completed by Meridian Design Build recently for Auto Truck Group, which is relocating from Bensenville. Located on a 16.26-acre site within Brewster Creek Business Park in Bartlett, the new building includes 12,600 square feet of office space, a 5,700-square-foot vehicle showroom, secured outside vehicle storage, and an 85,000 square-foot shop area. Abbott Land and Investment Corporation was the developer and the design team included architect, Ware Malcomb; civil engineer, Jacob and Hefner Associates; and Gary R. Weber Associates as landscape architect. Ben Runkel and Fred Jennings coordinated the project for Meridian.
