Meridian Awarded Mount Pleasant Spec Building

Meridian Design Build was recently selected by Land and Lakes Development to construct a 132,002 SF speculative industrial facility in Mount Pleasant, Wisconsin. This building will be the first in the new 60-acre Mount Pleasant Business Park which has the potential to accommodate approximately 800,000 SF of new development. Construction is well underway at the site and the building will be available for occupancy by the end of 2014.

Governor Scott Walker was in attendance at a groundbreaking ceremony that took place in late June and said, "This is a unique development offering many amenities in an ideal location for new and existing businesses to grow and expand in Wisconsin."

Architectural services are being provided by Harris Architects. Civil engineering work is being completed by Pinnacle Engineering Group.

Meridian Design Build, a Member of the U.S. Green Building Council, offers full-service general contracting and design/build services to the industrial, office, healthcare, retail, hospitality, and commercial markets. More information on Meridian Design Build can be found at www.meridiandb.com.
