Meridian Development built the 392K SF industrial development for Logistics Property Co.

The project is on a 30.7-acre site. Meridian designed the building to fit up to 56 loading docks, two drive-in doors, 403 auto parking stalls and 26 exterior trailer parking stalls.

Meridian teamed with Logistics Property Co. to finish the tenant improvement work. Partners in Design Architects provided architectural services, while Webster McGrath & Ahlberg offered civil engineering design services.
